Welcome

“We built our successful business based on one simple word “TRUST”. Because of this word we established our strength throughout the local and international market.

We work with our clients life cycle from inception to implementation with supplying capabilities to all the required equipment, devices, materials and after sales services, delivering unique technologies and end-to-end solutions. We turn our knowledge into value for the benefit of our clients, staff members and our communities.

Zegtech provides a new idea, new innovation and is creating new market.

Eng. Hassan Yahiya
Chief Executive Officer
Zegtech is a multidisciplinary expanding company delivering state-of-the-art projects and solutions across its main high-performance sectors including electro-mechanical, low current, information technology, telecommunication and network security sectors.

Since establishment in 2000, Zegtech has achieved tremendous growth as one of the leading companies in the region providing a wide spectrum of generic as well as niche products.

Through our operations, we provide integrated design, smooth functionality and efficiency from start to finish. Our group of engineers specialized in design, sales, installation and maintenance of electromechanical works as well as low current systems and IT security solutions.
Vision

To become a regional leader in our industries, offering clients complete satisfaction and delivering the best value and most cost effectiveness services based on quality, reliability and trust.

Values

Solidity
We build infrastructures and projects that stand the rest of time and promote sustainable development for current and future generations.

Trust
Our top level goal is always to build with integrity by being honest and open with our clients, consultants & partners.

Teamwork
We direct individual accomplishments towards organizational objectives by sharing together, working together and succeeding together.

Customer Satisfaction
We listen to the business needs of our clients and aim to surpass their expectations through the quality solutions we deliver.

Team

As people are crucial in the delivery of our services and solutions to our clients. In order to ensure that everyone is equipped the right skills, knowledge and attitude a comprehensive development program is in place to constantly educate our people in new technical and management skills, enabling them to execute their duties and responsibilities confidently.
Services

We are leading Air-conditioning specialist

Air conditioning is our main line of business and specialization. We provide a full scope of HVAC solutions and services. Our comprehensive design team uses cutting edge software and tools to deliver best solutions from design and preparation of load calculation and drawings to the execution of final deliverable. We also supply the most famous brands of HVAC equipment and products.

We professionally plan, design, install and commission all HVAC systems and provide excellence after sale services and spare parts. We supply A/C Equipment, Air cooling units and all ducting accessories required for the installation of a complete HVAC systems and service the ducting works through our local workshop.

- Air conditioning equipment
- Air cooling units and spare parts.
- Ducting works and accessories
- Air Compressors and Spare Parts
- Chilled water pumps
- Water supply pumps.
- Booster pumps.
- Submersible pumps.
- Control panels
Services

Electro-mechanical works
As leading contractor, Zegtech provide a full range of Electro-mechanical works which are tailored to meet the evolving needs of our clients and market.

- Firefighting equipment
- Water storage tanks (Fiber glass and panel tanks)
- Swimming pool and fountains mechanical equipment
- Sauna and jacuzzi equipment
- Water heaters & boilers
- Drinking water fountains & chillers
- Cold stores equipment
- Copper pipes black steel pipes, PVC pipes and fittings
- Pipe supports and hangers
- General valves

Low current and electrical works
To offer full engineering solutions we also design and install, upgrade and maintain all types of low current systems with innovative solutions to construction market.

- Intelligent infrastructure solutions
- Smart and home automation
- Lighting control
- Fire alarms systems
- TV systems.
- CCTV and surveillance
- Networks and IP telephony
- Access control systems
- Intrusion systems
- Active components
- Instrumentation and controls
- Fiber optic cables installation and testing
- Building management systems (BMS)
Services

IT and Telecom solutions

IT infrastructure is the essential foundation for success and growth of any organization. We design, install, test and commission IT and telecommunication systems. We also source and supply most types of IT and network hardware as we are the agent and distributor for many of the top brands in the market.

- Telecommunication infrastructures installation
- Wireless, optical fiber and micro waves
- Cell phone antenna installation
- Solar PV erection, and tower erection including
- Telecom civil construction works
- ERP systems design and installation
- Hardware and equipment supply

Operation & Maintenance Contracts (OMC)

Economy, safety and efficiency are of considerable importance in building management and maintenance. Zegtech offers a variety of professional maintenance and operation services. We do all types of maintenance for A/C and electromechanical systems covering corrections and preventive maintenance with a highly experienced and qualified staff of engineers and technicians.
Services

Network security solutions

With the increasing reliance on technology, it is becoming more and more important to secure every aspect of online data and information. One of the best ways to secure your data is to make sure your network is protected. Zegtech Inc, is a leader in security and network acceleration providing trusted enterprise solutions.

Solutions

- Enterprise Security Architecture
- Cloud Security
- Advanced Threat Prevention
- Internet of Things
- Identity Theft Protection

Attack and Penetration Testing

- Applied Research
- Cyber Threat Intelligence nation
- Application Security
- Vulnerability Management
- Malware Remediation
- Platform Management
- Data Security
- Endpoint Security

Managed Security Services

- Security Intelligence
- Vulnerability Management
- Malware Remediation
- Platform Management
- Endpoint Management
Policies

Zegtech has developed extremely comprehensive and detailed operational and administrative procedures, which ensure that strict standards of control are maintained at all times.

These procedures involve a system of counter checking and reporting which ensures that a high standard of quality control is maintained on all our activities.

Where applicable, non-destructive testing systems and procedures are utilized to the maximum. These include visual inspection, ultrasonic inspection, radiography ..etc.

In cases beyond our in-house capability, we utilize the services of third party inspection companies. Our testing and inspection tools and instruments cover the full range of functions required to carry out all testing, and commissioning of our systems in accordance with international and local standards and procedures.

These capabilities together with the services of our experienced and qualified engineering personnel, allow us to provide a comprehensive, effective, and fully responsive, quality assurance program to our clients.

All records are fully computerized, with the exception of actual photographs and chart readouts which are stored in archival files in our engineering offices.
Clients

Since its establishment, Zegtech has been eager to penetrate the market offering its services to our valued clients. These relationships have developed through the long years of our engineers and our clients working with common goals.

Partners

Our philosophy is based on continuous cooperation and building strong relationships. Zegtech has many suppliers and vendors global spanning many different vertical industries including many industry leaders around the world.
